

MACALL HIGHLANDER AT BRUADAIR SHCM

Mack lost his fight for life on 30/01/13. Mack was such a lovely little beagle that we brought home at 8 weeks old from Margaret Hall & Iain Pocklington and he was the start of our love affair with the breed and the birth of Bruadair Beagles. He always met you with a piece of his blanket in his mouth, he took it everywhere with him ☺ He never let us down either in the ring or at home, he had the most placid temperament and loved everyone. In the ring Mack would free stand for as long as he thought I had a piece of bait in my hand. Yes, he had a kink in his ears, but a lot of judges quoted “he doesn’t move on his ears and boy can he move.....” other critiques were “full of ring presence... What a showman and WOW” We retired Mack from the ring far too early but he had a wonderful 4 years with Stacey Smith & her father on the beautiful Isle of Arran, he loved running in the hills or on the beach. They shall miss him dreadfully.

Mack is now reunited with his best friend Tara (our Rottie) and his first love Mara (Tannahill Jakamara At Bruadair) at Rainbow bridge. His children & grandchildren live on

RIP Mack you always have been and always will be the star of Bruadair. xxxxxxx
