

NEWLIN FERN

Newlin Fern (d.o.b. 02.09.1997) Sire Dialynne Tolliver of Tragband x Newlin Upsadaisy.

I was privileged to get Fern when she retired from showing from Mrs. L. Calikes and Mr. D. Bradley. Fern was shown a lot when she was young and also in Ireland, handled by Lesley Chalmers where she was awarded several green stars.

Fern came to Tarbert in July 2002 when she retired from showing. She was entered in the Scottish Beagle Club Show in April 2005 in the veteran class and handled by Lesley Chalmers and was awarded best veteran bitch.

Fern was a sweet little bitch who melted your heart when she looked at you, there was something special about Fern and I will always remember that although all my retired beagles are special to me in there own special way.

Four months after Fern came to Tarbert she was joined by her litter sister Megan (Newlin Fanfare) and they were together till Megan died on 19th February 2013.

Sadly Fern died on 25th May at the age of 15 years and 9 months.

Fern and Megan are together again at Rainbow Bridge and both are very sadly missed.
